## Three Component Grip

# THE GRIP THAT CHANGES THE GAME.

Take your work to the next level with KNIPEXTEND comfort handles – a revolutionary design that enhances confidence, increases comfort, provides a heightened sense of security, and enables you to customize your tools.

- Textured surface for greater grip and enhanced control
- Soft component for added comfort
- High strength for maximum durability

- ▶ KNIPEXTEND-ready for ColorCoded Clips and TetheredTool Clips

## ColorCoded Clips

# YOUR TOOL. YOUR COLOR. YOUR WAY.

You value your time and your craft. Our ColorCoded Clips allow you to maximize both. Now you can identify the right tool at a glance and keep the process moving smoothly.

AVAILABLE IN  
**10**  
COLORS

**Your clips. Your pliers.  
Personalized by you.**

With a 3D printer you can customize your clips with data found on [KNIPEX.com](http://KNIPEX.com)

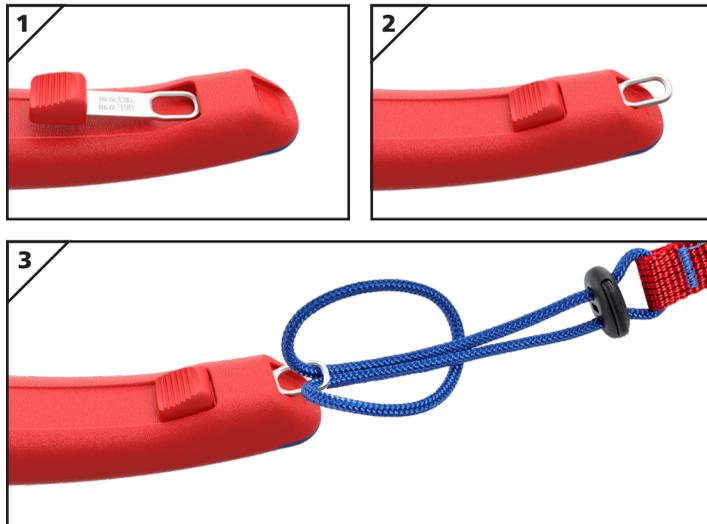

## TetheredTool Clips

# ADD TETHERING TO YOUR TOOLS.

Quickly add a tethered connection point to any of the 150+ KNIPEXTEND ready tools. The TetheredTool clip easily connects your tool to the KNIPEX Tethered Tool System and protects against accidents caused by falling tools.

### THE EASIEST PART OF YOUR JOB IS INSTALLING THESE.
